Virginia Code Commission Proposed Policy for Meetings Held through Electronic  
Communication Means Pursuant to §2.2-3708.3

Introduction

Chapter 597 of the 2022 Acts of Assembly, which became effective September 1, 2022, added a new section to the Virginia Freedom of Information Act, §2.2-3708.3, *Meetings held through electronic communication means; situations other than declared states of emergency*. This new section outlines the requirements for holding meetings through electronic communication means in situations other than declared states of emergency.

§2.2-3708.3 allows for both individual members of the public body as well as the entire public body to utilize remote participation to participate in public meetings. However, before any participation through electronic means can be conducted, subsection D of §2.2-3708.3 requires a public body to adopt, by recorded vote at a public meeting, a policy for meetings held through electronic communication means pursuant to §2.2-3708.3.

The proposed policy, included in the following pages, is for your consideration in the event the Commission wishes to take advantage of the provisions of §2.2-3708.3 at some point in the future<sup>1</sup>.

Also included for your reference, are copies of §2.2-3708.3 and Chapter 597.

---

<sup>1</sup> Chapter 597 also required the Virginia Freedom of Information Advisory Council convene a work group to develop recommendations for best practices for public bodies holding virtual meetings. "[Electronic Meetings Guide 2022](#)" contains these best practices and sample language for electronic meetings policies. This proposed policy was drafted using this guide.

### Virginia Code Commission Policy for

#### Electronic Meetings Held under § 2.2-3708.3 of the Code of Virginia

This policy shall apply to the entire membership of the Virginia Code Commission ("Code Commission") and without regard to the identity of the member requesting remote participation or the matters that will be considered or voted on at the meeting. Whenever an individual member wishes to participate from a remote location, the law requires a quorum of the Code Commission to be physically assembled at the primary or central meeting location.

#### I. Remote Participation by an Individual Member of the Code Commission

- A. It is the policy of the Code Commission that individual members may participate in meetings of the Code Commission by electronic communication as permitted by § 2.2-3708.3 of the Code of Virginia.
- B. When such individual participation is due to a personal matter, such participation is limited by law to two meetings per calendar year or 25 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater.
- C. Individual participation from a remote location shall be approved unless such participation would violate this policy or the provisions of the Virginia Freedom of Information Act (§ 2.2-3700 et seq. of the Code of Virginia). If a member's participation from a remote location is challenged, then the Code Commission shall vote whether to allow such participation.

#### II. Remote Participation by the Entire Body

- A. It is the policy of the Code Commission that the Code Commission may hold all

#### Commission Members:

*John S. Edwards*  
*Ward L. Armstrong*  
*Nicole Cheuk*  
*Leslie L. Lilley*

*Jennifer L. McClellan*  
*Christopher R. Nolen*  
*Steven G. Popps*  
*Don L. Scott, Jr.*

*Charles S. Sharp*  
*Malfourd W. Trumbo*  
*Amigo R. Wade*  
*Wren M. Williams*

virtual public meetings pursuant to subsection C of § 2.2-3708.3.

- B. Requests for remote participation or that the Code Commission conduct an all-virtual public meeting shall be conveyed to staff to the Code Commission who shall then relay such requests to the chair of the public body.
- C. Such all-virtual public meetings are also limited by law to two meetings per calendar year or 25 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater.
- D. Additionally, an all-virtual public meeting may not be held consecutively with another all-virtual public meeting.

### III. Minutes Requirements

- A. The request for remote participation or that the Code Commission conduct an all-virtual public meeting shall be recorded in the minutes of the meeting.
- B. If the Code Commission votes to disapprove of the member's participation because such participation would violate this policy, such disapproval shall be recorded in the minutes with specificity.
- C. The minutes shall include other information as required by §§ 2.2-3707 and 2.2-3708.3 depending on the type of remote participation or all-virtual public meeting.

## § 2.2-3708.3. (Effective September 1, 2022) Meetings held through electronic communication means; situations other than declared states of emergency

A. Public bodies are encouraged to (i) provide public access, both in person and through electronic communication means, to public meetings and (ii) provide avenues for public comment at public meetings when public comment is customarily received, which may include public comments made in person or by electronic communication means or other methods.

B. Individual members of a public body may use remote participation instead of attending a public meeting in person if, in advance of the public meeting, the public body has adopted a policy as described in subsection D and the member notifies the public body chair that:

1. The member has a temporary or permanent disability or other medical condition that prevents the member's physical attendance;
2. A medical condition of a member of the member's family requires the member to provide care that prevents the member's physical attendance;
3. The member's principal residence is more than 60 miles from the meeting location identified in the required notice for such meeting; or
4. The member is unable to attend the meeting due to a personal matter and identifies with specificity the nature of the personal matter. However, the member may not use remote participation due to personal matters more than two meetings per calendar year or 25 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater.

If participation by a member through electronic communication means is approved pursuant to this subsection, the public body holding the meeting shall record in its minutes the remote location from which the member participated; however, the remote location need not be open to the public and may be identified in the minutes by a general description. If participation is approved pursuant to subdivision 1 or 2, the public body shall also include in its minutes the fact that the member participated through electronic communication means due to a (i) temporary or permanent disability or other medical condition that prevented the member's physical attendance or (ii) family member's medical condition that required the member to provide care for such family member, thereby preventing the member's physical attendance. If participation is approved pursuant to subdivision 3, the public body shall also include in its minutes the fact that the member participated through electronic communication means due to the distance between the member's principal residence and the meeting location. If participation is approved pursuant to subdivision 4, the public body shall also include in its minutes the specific nature of the personal matter cited by the member.

If a member's participation from a remote location pursuant to this subsection is disapproved because such participation would violate the policy adopted pursuant to subsection D, such

disapproval shall be recorded in the minutes with specificity.

C. With the exception of local governing bodies, local school boards, planning commissions, architectural review boards, zoning appeals boards, and boards with the authority to deny, revoke, or suspend a professional or occupational license, any public body may hold all-virtual public meetings, provided that the public body follows the other requirements in this chapter for meetings, the public body has adopted a policy as described in subsection D, and:

1. An indication of whether the meeting will be an in-person or all-virtual public meeting is included in the required meeting notice along with a statement notifying the public that the method by which a public body chooses to meet shall not be changed unless the public body provides a new meeting notice in accordance with the provisions of § 2.2-3707;
2. Public access to the all-virtual public meeting is provided via electronic communication means;
3. The electronic communication means used allows the public to hear all members of the public body participating in the all-virtual public meeting and, when audio-visual technology is available, to see the members of the public body as well;
4. A phone number or other live contact information is provided to alert the public body if the audio or video transmission of the meeting provided by the public body fails, the public body monitors such designated means of communication during the meeting, and the public body takes a recess until public access is restored if the transmission fails for the public;
5. A copy of the proposed agenda and all agenda packets and, unless exempt, all materials furnished to members of a public body for a meeting is made available to the public in electronic format at the same time that such materials are provided to members of the public body;
6. The public is afforded the opportunity to comment through electronic means, including by way of written comments, at those public meetings when public comment is customarily received;
7. No more than two members of the public body are together in any one remote location unless that remote location is open to the public to physically access it;
8. If a closed session is held during an all-virtual public meeting, transmission of the meeting to the public resumes before the public body votes to certify the closed meeting as required by subsection D of § 2.2-3712;
9. The public body does not convene an all-virtual public meeting (i) more than two times per calendar year or 25 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater, or (ii) consecutively with another all-virtual public meeting; and
10. Minutes of all-virtual public meetings held by electronic communication means are taken as required by § 2.2-3707 and include the fact that the meeting was held by electronic communication means and the type of electronic communication means by which the meeting was held. If a member's participation from a remote location pursuant to this subsection is disapproved because such participation would violate the policy adopted pursuant to subsection D, such disapproval shall be recorded in the minutes with specificity.

D. Before a public body uses all-virtual public meetings as described in subsection C or allows members to use remote participation as described in subsection B, the public body shall first

adopt a policy, by recorded vote at a public meeting, that shall be applied strictly and uniformly, without exception, to the entire membership and without regard to the identity of the member requesting remote participation or the matters that will be considered or voted on at the meeting. The policy shall:

1. Describe the circumstances under which an all-virtual public meeting and remote participation will be allowed and the process the public body will use for making requests to use remote participation, approving or denying such requests, and creating a record of such requests; and
2. Fix the number of times remote participation for personal matters or all-virtual public meetings can be used per calendar year, not to exceed the limitations set forth in subdivisions B 4 and C 9.

Any public body that creates a committee, subcommittee, or other entity however designated of the public body to perform delegated functions of the public body or to advise the public body may also adopt a policy on behalf of its committee, subcommittee, or other entity that shall apply to the committee, subcommittee, or other entity's use of individual remote participation and all-virtual public meetings.

2. If participation by a member through electronic communication means is approved pursuant to this subsection, the public body holding the meeting shall record in its minutes the remote location from which the member participated; however, the remote location need not be open to the public.

If a member's participation from a remote location is disapproved because such participation would violate the policy adopted pursuant to subsection C, such disapproval shall be recorded in the minutes with specificity.

C. Participation by a member of a public body in a meeting through electronic communication means pursuant to subdivisions A 1 and 2 and subsection B shall be authorized only if the following conditions are met:

1. The public body has adopted a written policy allowing for and governing participation of its members by electronic communication means, including an approval process for such participation, subject to the express limitations imposed by this section. Once adopted, the policy shall be applied strictly and uniformly, without exception, to the entire membership and without regard to the identity of the member requesting remote participation or the matters that will be considered or voted on at the meeting;

2. A quorum of the public body is physically assembled at one primary or central meeting location; and

3. The public body makes arrangements for the voice of the remote participant to be heard by all persons at the primary or central meeting location.

D. The following provisions apply to state public bodies:

1. Except as provided in subsection D of § 2.2-3707.01, state public bodies may also conduct any meeting wherein the public business is discussed or transacted through electronic communication means, provided that (i) a quorum of the public body is physically assembled at one primary or central meeting location, (ii) notice of the meeting has been given in accordance with subdivision 2, and (iii) members of the public are provided a substantially equivalent electronic communication means through which to witness the meeting. For the purposes of this subsection, "witness" means observe or listen.

If a state public body holds a meeting through electronic communication means pursuant to this subsection, it shall also hold at least one meeting annually where members in attendance at the meeting are physically assembled at one location and where no members participate by electronic communication means.

2. Notice of any regular meeting held pursuant to this subsection shall be provided at least three working days in advance of the date scheduled for the meeting. Notice, reasonable under the circumstance, of special, emergency, or continued meetings held pursuant to this section shall be given contemporaneously with the notice provided to members of the public body conducting the meeting. For the purposes of this subsection, "continued meeting" means a meeting that is continued to address an emergency or to conclude the agenda of a meeting for which proper notice was given.

The notice shall include the date, time, place, and purpose for the meeting; shall identify the primary or central meeting location and any remote locations that are open to the public pursuant to subdivision 4; shall include notice as to the electronic communication means by which members of the public may witness the meeting; and shall include a telephone number that may be used to notify the primary or central meeting location of any interruption in the telephonic or video broadcast of the meeting. Any interruption in the telephonic or video broadcast of the meeting shall result in the suspension of action at the meeting until repairs are made and public access is restored.

3. A copy of the proposed agenda and agenda packets and, unless exempt, all materials that will be distributed to members of a public body for a meeting shall be made available for public inspection at the same time such documents are furnished to the members of the public body conducting the meeting.

4. Public access to the remote locations from which additional members of the public body participate through electronic communication means shall be encouraged but not required. However, if three or more members are gathered at the same remote location, then such remote location shall be open to the public.

5. If access to remote locations is afforded, (i) all persons attending the meeting at any of the remote locations shall be afforded the same opportunity to address the public body as persons attending at the primary or central location and (ii) a copy of the proposed agenda and agenda packets and, unless exempt, all materials that will be distributed to members of the public body for the meeting shall be made available for inspection by members of the public attending the meeting at any of the remote locations at the time of the meeting.

6. The public body shall make available to the public at any meeting conducted in accordance with this subsection a public comment form prepared by the Virginia Freedom of Information Advisory

Council in accordance with § 30-179.

7. Minutes of all meetings held by electronic communication means shall be recorded as required by § 2.2-3707. Votes taken during any meeting conducted through electronic communication means shall be recorded by name in roll-call fashion and included in the minutes. For emergency meetings held by electronic communication means, the nature of the emergency shall be stated in the minutes.

8. Any authorized state public body that meets by electronic communication means pursuant to this subsection shall make a written report of the following to the Virginia Freedom of Information Advisory Council by December 15 of each year:

g. The identity of the members of the public body recorded as present at each meeting, and whether each member was present at the primary or central meeting location or participated through electronic communication means;

h. The identity of any members of the public body who were recorded as absent at each meeting and any members who were recorded as absent at a meeting but who monitored the meeting through electronic communication means;

i. If members of the public were granted access to a remote location from which a member participated in a meeting through electronic communication means, the number of members of the public at each such remote location;

j. A summary of any public comment received about the process of conducting a meeting through electronic communication means; and

k. A written summary of the public body's experience conducting meetings through electronic communication means, including its logistical and technical experience.

E. Nothing in this section shall be construed to prohibit the use of interactive audio or video means to expand public participation.

**§ 2.2-3708.3. Meetings held through electronic communication means; situations other than declared states of emergency.**

*A. Public bodies are encouraged to (i) provide public access, both in person and through electronic communication means, to public meetings and (ii) provide avenues for public comment at public meetings when public comment is customarily received, which may include public comments made in person or by electronic communication means or other methods.*

*B. Individual members of a public body may use remote participation instead of attending a public meeting in person if, in advance of the public meeting, the public body has adopted a policy as described in subsection D and the member notifies the public body chair that:*

*1. The member has a temporary or permanent disability or other medical condition that prevents the member's physical attendance;*

*2. A medical condition of a member of the member's family requires the member to provide care that prevents the member's physical attendance;*

*3. The member's principal residence is more than 60 miles from the meeting location identified in the required notice for such meeting; or*

*4. The member is unable to attend the meeting due to a personal matter and identifies with specificity the nature of the personal matter. However, the member may not use remote participation due to personal matters more than two meetings per calendar year or 25 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater.*

*If participation by a member through electronic communication means is approved pursuant to this subsection, the public body holding the meeting shall record in its minutes the remote location from which the member participated; however, the remote location need not be open to the public and may be identified in the minutes by a general description. If participation is approved pursuant to subdivision 1 or 2, the public body shall also include in its minutes the fact that the member participated through electronic communication means due to a (i) temporary or permanent disability or other medical condition that prevented the member's physical attendance or (ii) family member's medical condition that required the member to provide care for such family member, thereby preventing the member's physical attendance. If participation is approved pursuant to subdivision 3, the public body shall also include in its minutes the fact that the member participated through electronic communication means due to the distance between the member's principal residence and the meeting location. If participation is approved pursuant to subdivision 4, the public body shall also include in its minutes the specific nature of the personal matter cited by the member.*

*If a member's participation from a remote location pursuant to this subsection is disapproved*

because such participation would violate the policy adopted pursuant to subsection D, such disapproval shall be recorded in the minutes with specificity.

C. With the exception of local governing bodies, local school boards, planning commissions, architectural review boards, zoning appeals boards, and boards with the authority to deny, revoke, or suspend a professional or occupational license, any public body may hold all-virtual public meetings, provided that the public body follows the other requirements in this chapter for meetings, the public body has adopted a policy as described in subsection D, and:

1. An indication of whether the meeting will be an in-person or all-virtual public meeting is included in the required meeting notice along with a statement notifying the public that the method by which a public body chooses to meet shall not be changed unless the public body provides a new meeting notice in accordance with the provisions of § 2.2-3707;

2. Public access to the all-virtual public meeting is provided via electronic communication means;

3. The electronic communication means used allows the public to hear all members of the public body participating in the all-virtual public meeting and, when audio-visual technology is available, to see the members of the public body as well;

4. A phone number or other live contact information is provided to alert the public body if the audio or video transmission of the meeting provided by the public body fails, the public body monitors such designated means of communication during the meeting, and the public body takes a recess until public access is restored if the transmission fails for the public;

5. A copy of the proposed agenda and all agenda packets and, unless exempt, all materials furnished to members of a public body for a meeting is made available to the public in electronic format at the same time that such materials are provided to members of the public body;

6. The public is afforded the opportunity to comment through electronic means, including by way of written comments, at those public meetings when public comment is customarily received;

7. No more than two members of the public body are together in any one remote location unless that remote location is open to the public to physically access it;

8. If a closed session is held during an all-virtual public meeting, transmission of the meeting to the public resumes before the public body votes to certify the closed meeting as required by subsection D of § 2.2-3712;

9. The public body does not convene an all-virtual public meeting (i) more than two times per calendar year or 25 percent of the meetings held per calendar year rounded up to the next whole number, whichever is greater, or (ii) consecutively with another all-virtual public meeting; and

10. Minutes of all-virtual public meetings held by electronic communication means are taken as required by § 2.2-3707 and include the fact that the meeting was held by electronic communication means and the type of electronic communication means by which the meeting was held. If a member's participation from a remote location pursuant to this subsection is disapproved because such participation would violate the policy adopted pursuant to subsection D, such disapproval shall be recorded in the minutes with specificity.

D. Before a public body uses all-virtual public meetings as described in subsection C or allows members to use remote participation as described in subsection B, the public body shall first adopt a policy, by recorded vote at a public meeting, that shall be applied strictly and uniformly, without exception, to the entire membership and without regard to the identity of the member requesting remote participation or the matters that will be considered or voted on at the meeting. The policy shall:

1. Describe the circumstances under which an all-virtual public meeting and remote participation will be allowed and the process the public body will use for making requests to use remote participation, approving or denying such requests, and creating a record of such requests; and

2. Fix the number of times remote participation for personal matters or all-virtual public meetings can be used per calendar year, not to exceed the limitations set forth in subdivisions B 4 and C 9.

Any public body that creates a committee, subcommittee, or other entity however designated of the public body to perform delegated functions of the public body or to advise the public body may also adopt a policy on behalf of its committee, subcommittee, or other entity that shall apply to the committee, subcommittee, or other entity's use of individual remote participation and all-virtual public meetings.

In a proceeding commenced against any officer, employee, or member of a public body under § 2.2-3713 for a violation of § 2.2-3704, 2.2-3705.1 through 2.2-3705.7, 2.2-3706, 2.2-3706.1, 2.2-3707, 2.2-3708.2, 2.2-3708.3, 2.2-3710, 2.2-3711, or 2.2-3712, the court, if it finds that a violation was willfully and knowingly made, shall impose upon such officer, employee, or member in his individual capacity, whether a writ of mandamus or injunctive relief is awarded or not, a civil penalty of not less than \$500 nor more than \$2,000, which amount shall be paid into the Literary Fund. For a second or subsequent violation, such civil penalty shall be not less than \$2,000 nor more than \$5,000.

B. In addition to any penalties imposed pursuant to subsection A, if the court finds that any officer, employee, or member of a public body failed to provide public records to a requester in accordance with the provisions of this chapter because such officer, employee, or member altered or destroyed the

requested public records with the intent to avoid the provisions of this chapter with respect to such request prior to the expiration of the applicable record retention period set by the retention regulations promulgated pursuant to the Virginia Public Records Act (§ 42.1-76 et seq.) by the State Library Board, the court may impose upon such officer, employee, or member in his individual capacity, whether or not a writ of mandamus or injunctive relief is awarded, a civil penalty of up to \$100 per record altered or destroyed, which amount shall be paid into the Literary Fund.

In addition to any penalties imposed pursuant to subsections A and B, if the court finds that a public body voted to certify a closed meeting in accordance with subsection D of § 2.2-3712 and such certification was not in accordance with the requirements of clause (i) or (ii) of subsection D of § 2.2-3712, the court may impose on the public body, whether or not a writ of mandamus or injunctive relief is awarded, a civil penalty of up to \$1,000, which amount shall be paid into the Literary Fund. In determining whether a civil penalty is appropriate, the court shall consider mitigating factors, including reliance of members of the public body on (i) opinions of the Attorney General, (ii) court cases substantially supporting the rationale of the public body, and (iii) published opinions of the *Virginia* Freedom of Information Advisory Council.

Redistricting Final Order  
and  
Approved Maps**

**VIRGINIA:**

*In the Supreme Court of Virginia held at the Supreme Court Building in the  
City of Richmond on Tuesday the 28th day of December, 2021.*

Present: All the Justices

In Re: Decennial Redistricting Pursuant to  
The Constitution of Virginia, art. II, §§ 6 to 6-A,  
and Virginia Code § 30-399

**FINAL ORDER ESTABLISHING VOTING DISTRICTS  
FOR THE SENATE OF VIRGINIA, THE HOUSE OF DELEGATES OF VIRGINIA,  
AND VIRGINIA’S REPRESENTATIVES TO THE UNITED STATES HOUSE OF  
REPRESENTATIVES**

Following the process provided in § 30-399 of the Code of Virginia, upon the failure of the Virginia Redistricting Commission to submit a redistricting plan by the governing statutory deadlines, the Supreme Court of Virginia assumed responsibility for the establishment of voting districts for the Senate of Virginia, the Virginia House of Delegates, and for Virginia’s representatives to the United States House of Representatives as provided by Article II, §§ 6 to 6-A of the Constitution of Virginia and Virginia Code § 30-399. The Constitution requires that this responsibility be completed “in the year 2021 and every ten years thereafter.” Va. Const. art. II, § 6.\*

The Court has reviewed the proposed final redistricting maps and the accompanying explanatory memorandum prepared by the Special Masters dated December 27, 2021 (“Final Memorandum”), and has considered the extensive public comment, including comments submitted in writing to the Clerk of Court, comments made on the online interactive maps, and comments made directly to the Court during its public hearings on December 15 and 17, 2021. The redistricting plan and maps, jointly prepared by the Court’s Special Masters, Dr. Bernard Grofman and Mr. Sean Trende, include a single redistricting map for the Senate of Virginia, a single redistricting map for the Virginia House of Delegates, and a single redistricting map for Virginia’s representatives to the United States House of Representatives as posted on the

The Court unanimously finds that in preparing the Final Redistricting Maps, the Special Masters have followed the Court’s instructions and have fully complied with federal and state law in the following order of precedence:

- The United States Constitution, particularly Article I, Section 2, and the Equal Protection Clause of the Fourteenth Amendment;
- Applicable federal statutes, particularly the Voting Rights Act of 1965, 52 U.S.C. § 10301;
- The Constitution of Virginia, particularly Article II, Sections 6 to 6-A; and
- Applicable Virginia statutes, particularly Code §§ 30-399(E), 24.2-304.04, and any other relevant provision in Chapter 3 of Title 24.2 of the Code of Virginia.

The Final Redistricting Maps prepared by the Special Masters are fully compliant with constitutional and statutory law applied, as the Court directed, in an apolitical and nonpartisan manner.

Accordingly, for the foregoing reasons and under the constitutional and statutory authority of the Supreme Court of Virginia, the Court unanimously ORDERS that:

(1) The Final Redistricting Maps and Final Memorandum prepared by the Special Masters and posted on the Supreme Court’s public website at Supreme Court of Virginia Final Order and Approved Maps are incorporated herein by reference and are approved and adopted and, effective immediately, the Final Redistricting Maps shall constitute and establish the voting districts for the Virginia House of Delegates, the Senate of Virginia, and for Virginia’s representatives to the United States House of Representatives;

(2) The State Board of Elections and the Virginia Department of Elections shall immediately implement the voting districts established by the Final Redistricting Maps to ensure that the 2022 Congressional elections, and any future regular primary or general elections that may be held for the Virginia Senate, Virginia House of Delegates, and Congress will proceed as scheduled. Any further use of current voting districts as set forth in Virginia Code §§ 24.2-304.03 (House of Delegates districts), 24.2-303.3 (Senate districts), and 24.2-302.2

(Congressional districts) for any regular primary or general election is prohibited. For any special elections that may be scheduled before the next regular primary or general election for the Virginia Senate, Virginia House of Delegates or United States House of Representatives, the State Board of Elections, and the Virginia Department of Elections will need to determine whether, under the particular circumstances presented, the Final Redistricting Maps should be used.

(3) The Clerk of Court shall forward copies of this Order to: the Honorable Richard L. Saslaw, Senate of Virginia; the Honorable Thomas K. Norment, Jr., Senate of Virginia; the Honorable Eileen Filler-Corn, Virginia House of Delegates; the Honorable C. Todd Gilbert, Virginia House of Delegates; the Honorable Susan Clarke Schaar, the Clerk of the Senate of Virginia; the Honorable Suzette Denslow, the Clerk of the House of Delegates of Virginia; Amigo R. Wade, the Director of the Division of Legislative Services; and to the Reporter of Decisions for publication in the Virginia Reports.

It is so ORDERED.

**SB 431/HB 1131**  
**Local Public Notice Requirements Work Group**  
**Status Report**  
**September 19, 2022**

## **Background**

The SB 417/HB 1131 Public Notice Work Group held its first meeting on June 15, 2022. From an organizational standpoint, the work group developed the final stakeholder and determined to reach agreement on individual recommendations based on consensus among the membership. The work group adopted the work plan previously adopted by the Commission at its May 16, 2022, meeting and decided to use the a document created by the Virginia Press Association, which provides a comprehensive review of public notice publication requirements throughout the Code of Virginia, a baseline starting point.

## **Meeting schedule**

The work group established the following meeting schedule:

*June 16, 2022*

*July 27, 2022*

*August 29, 2022*

**September 21, 2022 (last meeting)**

## **Status of work**

Using the VPA document as a basis, staff developed an initial chart containing local notice requirements in the four intended "intended action" areas included in the work plan as well as some other areas. This initial chart included a total of 79 code provisions. The subject areas breakdown of the provisions was as follow:

Business meetings (4)

Budget consideration (4)

Taxes/tax zones (25)

Planning and land use (4)

Notices outside of the original work plan categories (42)

To establish uniformity among the notices, the work group determined to organize publication notices included in the chart into three groups with the following designations:

**Group 3:** Run three successive weeks with first notice appearing no more than 21 days before meeting/intended action.

**Group 2:** Run two successive weeks with first notice appearing no more than 14 days before meeting/intended action.

**Group 1:** Run once at least 7 days before meeting/intended action.

In addition, the work group established a subgroup to develop proposed recommendations regarding uniformity and efficiency related to the amount of information required to be contained in the publication notices included in the chart. The sub group is focusing its review on notice provisions that require the publication to include a "brief synopsis" or "descriptive summary" related to the intended action.

The work group is in the process of working through the notices chart and the work of the subgroup to develop its final proposed recommendations to the Commission in time for its October 3, 2022, meeting.

# Virginia Code Commission SB 417/HB 1131 Work Group

## Proposed Work Plan

Senate Bill 417 and House Bill 1131, passed during the 2022 legislative session, provide for the Code Commission to convene a work group to review requirements throughout the Code of Virginia for localities to provide public notice for intended actions, including business meetings, creation of taxation zones, proposed amendments to existing planning and zoning ordinances, and consideration of budgets. The Commission is required to submit a report to the Chairs of the House Committee on General Laws and the Senate Committee on General Laws and Technology summarizing the work and any recommendations of the work group by November 1, 2022. In consideration of the compressed time period for completion of the work, a proposed work plan has been developed with the objective of meeting the deadline.

### I. Scope of Work Group Review and Recommendations

**A. Types of Intended Actions of Localities.** Focus on the four areas specifically stated in the legislation: (1) business meetings, (2) creation of taxation zones, (3) proposed amendments to existing planning and zoning ordinances, and (4) consideration of budgets.

**B. Specific Review of Notices.** Focus on the three areas specifically listed in the legislation: (1) varying frequency for publishing in newspapers and other print media, (2) number of days required to elapse between publications of the notices, and (3) amount of information required to be contained in each notice.

**C. Scope of Recommendations.** Construct recommendations around the two areas specifically mentioned in the legislation: (1) uniformity and (2) efficiency.

### II. Composition of Work Group

The legislation specifically provides for the Virginia Association of Counties, the Virginia Municipal League, and the Virginia Press Association to be included on the work group. Below are suggested additional relevant stakeholder groups for inclusion on the work group.

Virginia Press Association	Coalition for Open Government
Virginia Association of Counties	Treasurers*
Commission on Local Government	Commissioners of the Revenue*
Local Government Attorneys of Virginia, Inc.	VA Chapter of the American Planning Association
Virginia Association of Government Purchasing Officials	Residential Builders/Developers*
Virginia School Boards Association	Commercial Builders/Developers*
Local Electoral Boards*	

### **III. Schedule of Work Group Meetings/Submission of Recommendation**
